Registrar – Felice Miller

- General update
- U6 U8 201, U10 and up 385, we had more but some have cancelled
- Registration was more challenging this year due to two systems, next year there is some additional communication I can add to make sure parents and coaches get to the right registration page
- Has already started working on Spring registration stuff
  -discussion of spring fees staying the same
- There is a need to bring up that it is a recreational league, not competitive, Natomas tends to have their competitive teams play in Spring Leagues

Assistant Manager – Josh Alvarado

- General update
  -First and second weekend of the fall season
  -from OV perspective they went really well, yes there will be growing pains
  -We aren't the admin for seeding or super rec so we have to adhere to what is given to us, timelines are out of our hands and sometimes not timely.
  -going into next season we will be revamping the verbiage "rules of the game" it's misleading as we follow US soccer rules. (In regards to 3 bridges info)
  -2 incidents not our teams, 1 was Rancho; 3 Rancho boys jumped a Folsom boy in the parking lot after the game. Other was a Rancho coach was cursing out his players and a report was made about that.
  -If coaches have issues with a player it needs to be addressed before the game starts, check player passes if needed, otherwise once you start the game you've agreed to the players on the field.
  -Got an email today about an OV vs Folsom U12 girls match, away game, had to do with flopping and OV coach quantity on the sidelines. Josh will be following up with it later this week
  -U6 and U8 in US club instead of CYSA, we can discuss later for next year it doesn't really matter as far as micro soccer goes
- tournaments- there will be 40 matches in Folsom for Boofest, October 23-24 and all Folsom fields are locked down for that tournament.
- Re-seeding- will still be happening, not a perfect system and is always an issue

Manager – Pete Phillips

- General Update
