Assistant Manager – Josh Alvarado
- General update, review of discussion with GotSport, TRPG
- GotSport has been very trying as the system itself can be difficult to navigate. I spoke with NorCal about our U.S. Club application and the process in which we are navigating to get our club accepted, so we can move on to registering and assigning roles and responsibilities in GotSport and eventually open up Coaching registration and assign the appropriate requirements. The hold up as of now, which is underway and being resolved are the following items: Submission of our Club Logo, U.S. Club Affiliation Application and Acceptance (submitted), Assigning a Coaching Coordinator/Director, and Submitting our Field Permits.

Once all that is completed, we should have the appropriate access in GotSport to carry-on and complete our Registration for 25/26 season.
- Things are moving forward on an admin level for us, it's just a slow process. I know this is holding up a lot of you in your processes, however, once we do get over this hurdle, we won't have to have so many layers of issues going forward. This is a "growing pain" process and we will get through it.

Manager – Pete Phillips
